### An Excursion on the T. and P.

One of the most unique and delightful "At Homes" of the season was that of Tuesday afternoon at the residence of Mrs. D. C. Wise, when Mrs. M. J. Ragley, entertained twenty young ladies with an Excursion from Texarkana to Fort Worth on their private car, "Pleasure," in honor of Miss Moore, of Louisville, Ark.

The hall was arranged to represent the Texarkana ticket office, and National Bank, and the parlor a Pullman coach. Each guest made out checks to the amount of twenty dollars which were cashed at the bank. Then began the lively scramble and purchase of tickets. The "No trouble to answer questions" sign was conspicuously displayed, and each of the twenty young ladies had at least twenty questions to ask, all of which were politely answered by the agent, Chas. Wise. During the rush for tickets the agent was held up with two six shooters by a highwayman, but not securing any booty made his escape while the young ladies made good time for their car.

The tables were arranged to represent Jefferson, Marshall, Terrell, Dallas and Fort Worth; and the train was in charge of Conductors Misses Maud Sims and Ray Dreeben, and Miss Kassell of Gainesville, made an excellent Boll Weevil.

All aboard! and we were off in the ever amusing and interesting game of progressive euchre. Much merriment was caused by the entrance of the "butch," Elbert Wise with a basket containing chewing gum, stick candy and peanuts, and even though his prices were exorbitant, he did a rushing business.

At the conclusion of the game Miss Moore, the guest of honor, was awarded the prize, a beautiful bisque flower bowl—not for the highest number of games, but for having made the trip the most economically, as she had saved her money and was traveling on a pass given her by the agent Miss Desie Urquhart having spent all her money with the "butch" was given the consolation prize, a china match safe.

"First call for the dining car." A delicious luncheon was served by the waiters, Mesdames Wise and Ragley, assisted by Mrs. A. Mc Kay, Misses Dunlap and Lockett. The excursionists were:

Misses Gertrude Moore, Nona Strange, Sophia Kassell, Lollie Meyer, Lelia Rosenthal, Naomi Rosenfeld, Janie Epperson, Hortense Rives, Ethel Mae Leaf, Opal Lockett, Mary Mullin, Lelia Koster, Eva Eberstadt, Maud Sims, Florence Kistenmeier, Desie Urquhart, Mary Dunlap, Ray Dreeben, Dora Rosenthal, Mesdames F. Ballant, W. E. Wisdom, A. McKay, M. J. Ragley, D. C. Wise, general passenger and ticket agent; Sam E. Eberstadt, butch; E. A. Wise, Agent Chas. Wise.

### Letter to A. Rosenthal.

Jefferson, Texas.

Dear Sir: Mr. N. Avery, Delhi, N.Y. had two houses exactly alike, and painted them; one Devos lead-and-zinc; the other barytes-and-zinc. He paid same price for both paints.

He used six gallons of lead-and-zinc, 12 gallons barytes-and-zinc.

He paid \$18 for painting lead-and-zinc, \$56 for painting barytes-and-zinc.

The total cost of the lead-and-zinc job was \$27; the total cost of the barytes-and-zinc job was \$54.

He didn't know he was buying barytes; the dealer told him that paint was as good as Devos.

A fair example of how it generally comes out, when you buy "something just as good;" Better go by the name; and the name is Devos.

Yours truly,  
F. W. Devos & Co.

### Killed Cows for their Hides.

For some time valuable cows belonging to people in the northern part of the city have died or disappeared strangely, and with a slight clue constable C. H. Proctor began to investigate in the matter which resulted in six or seven negro boys between the age of 16 and 20 being arrested and placed in jail last Saturday and implicated in killing cattle.

It seems that the boys would get cows out in the woods and shoot them with a small rifle and they would die in a day or two, then the boys would go and skin the cow and sell the hide, and as hides are worth some six or eight dollars now they begun quite a traffic in this business. The boys sold so many hides that it aroused suspicion of something wrong, then some of the hides sold were identified by owners of the missing cows. Some 15 or more cows have been killed, among them fine cows for Genio Rains and Judge Rowell.

A hearing was given the boys Monday and five cases were found against three of the boys, Alfred Hamilton, Jim Garland, Fred Baylis, and Louis Stevens; no cases were found against the other boys.

We still maintain our position as Jefferson's leading store for all kinds of dry goods, clothing, shoes, millinery, ladies ready to wear goods, and groceries, for the reason we always carry the largest stock, offering the most extensive selections, and selling our goods at the lowest prices consistent with the unusual high standard of quality. Remember you save money on every article you buy of

### The Rives Residence Burned.

About 10 o'clock last Saturday night the fire bell rang the alarm and it was soon seen that the fire was in the resident part of the city. The handsome two story home of H. Rives was all ablaze in the upper story when discovered, the family being at their mother's, Mrs. Rives, on next corner, and it must have been burning for some time. Not much was saved from the second story, but a great deal of furniture and things were taken out of the lower floor, and in the excitement many pieces were badly wrecked and broken in moving. The fire is supposed to have caught from the kitchen stove.

M. J. Whelan's residence across the street, caught several times from sparks, but were put out. W. B. Sims' house had a narrow escape from the flames also.

Two young men, Ernest Keese and Marion Glass, were overcome heat and exertion at the fire. Ernest Keese was in a dangerous condition all night from the effects, while Marion Glass soon got over it.

Insurance on house \$2000; no insurance on furniture; loss on house and furniture \$3500.
